About Us

Great Prospects, Inc. provides post-secondary (after high school) and summer programs for adolescents and young adults with developmental disabilities. We help our participants grow and thrive as they make the critical transition to the adult world while learning to become a contributing member of the community. Our signature program, "Therapeutic Day Program" is for young adults who have graduated or transitioned from high school and are interested in maintaining current skills and learning more about those needed for adult life. This program focuses on social skills training, peer support, community service, health and fitness, therapeutic activities, and planning for an independent future.

Our **Vision**: "Empower Special People";

- Honesty- Always the best policy
- Respect- All individuals deserve to be treated with dignity
- Perseverance- Never give up
- Self-determination- be your best advocate

Our **Mission**: Great Prospects' mission is to provide meaningful connections for individuals with disabilities through continued educational enrichment, social interaction, and challenging recreational programs.

A Message From Our Team

The therapeutic programming was born out of a need for my daughter to continue to reach her full potential through various avenues. Your support provides Great Prospects participants a place of growth, therapies, and activities.

Thank you on behalf of all the Great Prospects participants, their families, and the board of directors for your help this year. Together, we are empowering special people. Your involvement and generosity are invaluable, and we thank you for being the superheros that you are in our community. -- Michelle

Going into 2024, we will continue to promote all the good that Great Prospects brings to the community by empowering our participants. While we have a strong core group, we hope to increase our numbers in the coming year and continue to make a positive impact in the lives of our friends. -- Jack

We are happy to have increased our efforts in finding new volunteer opportunities in the community. In 2023 we started a new monthly Martial Arts therapy. Our goals for 2024 are to add two more therapies to the day program to make for a total of 6 therapies throughout each week, recruit college interns and volunteers help support our growth, have fun outings and gain more new friends! -- Tabitha

2023 By the Numbers

COMMUNITY REFLECTIONS

“My daughter, Shelby, needed a place where she could be social, learn life skills, and feel like she belonged. Great Prospects meets all of those needs and has accepted her with open arms. As a mom, it warms my heart to hear how excited Shelby gets when she knows her "GP Day" is coming soon or when she talks about how great her day was when I pick her up. I appreciate everyone involved with creating this program and keeping it going!” -- Jennifer, GP Parent

“My son Elliot has been at Great Prospects for about 4 years and we really love it. The ability for him to do all kinds of things like yoga, field trips, exercise, social skills, personal hygiene, its just been such a blessing for our family. He wakes up every morning excited to start his morning at Great Prospects” -- Tracy, GP Parent

“We love Great Prospects! Stuart has been for about a year and a half. He’s happy to be at GP, he’s happy to get up every morning to come to GP. He is enjoying the program and gets a lot of value out of it and is making lots of friends.” -- Cindy, GP Parent

THANK YOU FOR A SUCCESSFUL 2023!

WE ARE EXCITED TO SEE WHAT 2024 HAS IN STORE US.
WE COULDN'T DO IT WITHOUT YOUR SUPPORT
